

Resource	API Endpoint	Export	Import
Action	List actions	X	
	Create action		X
	List public actions	X	
	Get action	X	
	Delete action		X
	Execute action with parameters	X	
	Update action		X
	Execute action		X
	Create action public link		X
	Delete action public link		X
Activity	Get most recently viewed dashboard	X	
	Get popular items	X	
	Get recent views	X	
	Get recent items	X	
	Record recent activity		X
Alert	List alerts	X	
	Get alert	X	
	Delete alert subscription		X
Analytics	Get anonymous analytics stats	X	
API key	Create API key		X
	List API keys	X	
	Get API key count	X	
	Update API key		X
	Delete API key		X
	Regenerate API key		X
Automagic dashboards	Get automagic dashboard candidates for database	X	
	Get automagic dashboard for model index primary key	X	
	Get automagic dashboard for entity	X	
	Get automagic dashboard for entity cell	X	
	Compare automagic dashboard entity cells	X	
	Get automagic dashboard for entity cell rule	X	
	Compare automagic dashboard entity cell rules	X	
	Compare automagic dashboard entities	X	
	Get automagic dashboard query metadata	X	
	Get automagic dashboard for entity rule	X	
	Compare automagic dashboard entity rules	X	
Bookmark	List bookmarks	X	
	Update bookmark ordering		X
	Create bookmark		X
	Delete bookmark		X
Bug reporting	Get bug reporting connection pool details	X	
	Get bug reporting details	X	
Cache	Get cache configuration	X	
	Update cache configuration		X
	Delete cache configuration		X
	Invalidate cache		X
	List cards	X	
	Create card		X
	Bulk move cards to collection		X
	List embeddable cards	X	
	Execute pivot card query		X
	List public cards	X	
	Search card parameter values	X	
	Get card parameter values	X	
	Create card public link		X
	Delete card public link		X
	Execute card query		X
	Export card query		X
	Get card	X	
	Update card		X
	Delete card		X

Card	Copy card		X
	Get card dashboards	X	
	Get card parameter remapping	X	
	Get card query metadata	X	
	Get card series	X	
Cards	Get cards in dashboards		X
	Move cards		X
Channel	List channels	X	
	Create channel		X
	Test channel		X
	Get channel	X	
	Update channel		X
Cloud migration	Create cloud migration		X
	Get cloud migration status	X	
	Cancel cloud migration		X
Collection	List collections	X	
	Create collection		X
	Get collection permissions graph	X	
	Update collection permissions		X
	Get root collection	X	
	Get root collection dashboard question candidates	X	
	List root collection items	X	
	Move root collection dashboard question candidates		X
	Get trash collection	X	
	Get collection tree	X	
	Get collection	X	
	Update collection		X
	Get collection dashboard question candidates	X	
	List collection items	X	
	Move collection dashboard question candidates		X
Dashboard	List dashboards	X	
	Create dashboard		X
	List embeddable dashboards	X	
	Get valid dashboard filter fields	X	
	Execute dashboard pivot query		X
	List public dashboards	X	
	Save dashboard		X
	Save dashboard to collection		X
	Execute dashboard card query		X
	Export dashboard card query		X
	Get dashboard card execution status	X	
	Execute dashboard card		X
	Create dashboard public link		X
	Delete dashboard public link		X
	Copy dashboard		X
	Get dashboard	X	
	Delete dashboard		X
	Update dashboard		X
	Update dashboard cards		X
	Get dashboard items	X	
	Get dashboard parameter remapping	X	
	Search dashboard parameter values	X	
	Get dashboard parameter values	X	
	Get dashboard query metadata	X	
	Get related dashboards	X	
	List databases	X	
	Create database		X
	Create sample database		X
	Validate database		X
	Get database	X	
	Update database		X
	Delete database		X

Database	Get database autocomplete suggestions	X	
	Get database card autocomplete suggestions	X	
	Discard database field values		X
	Dismiss database spinner		X
	Get database fields	X	
	Check database health	X	
	Get database ID fields	X	
	Get database metadata	X	
	Rescan database field values		X
	List database schemas	X	
	Get database schema	X	
	List database schemas	X	
	Sync database schema		X
	Get syncable database schemas	X	
	Get database usage info	X	
	Get virtual database datasets	X	
	Get virtual database datasets by schema	X	
	Get virtual database metadata	X	
	Get virtual database schema	X	
	List virtual database schemas	X	
Dataset	Execute dataset query		X
	Execute native query		X
	Get parameter remapping		X
	Search parameter values		X
	Get parameter values		X
	Execute pivot query		X
	Get query metadata		X
	Export dataset		X
E-advanced permissions application	Get advanced permissions application graph	X	
	Update advanced permissions graph		X
E-advanced permissions impersonation	List advanced permissions impersonations	X	
	Delete advanced permissions impersonation		X
E-AI entity analysis	Analyze chart with AI		X
E-AI SQL fixer	Fix SQL with AI		X
E-AI SQL generation	Generate SQL with AI		X
E-audit app user	Get audit app user info	X	
	Delete audit app user subscriptions		X
E-autodescribe	Auto describe card		X
	Auto describe dashboard		X
E-billing	Get billing information	X	
E-content translation	Get content translation CSV	X	
	Get content translation dictionary	X	
	Upload translation dictionary		X
E-database replication	Create database replication connection		X
	Delete database replication connection		X
E-database routing	Set database routing destination		X
	Update database router		X
Email	Override email settings		X
	Delete email override		X
E-Gsheets	Create Google sheets connection		X
	Get Google sheets connection	X	
	Delete Google sheets connection		X
	Sync Google sheets connection		X
	Get Google sheets service account	X	
E-logs	Get query execution logs	X	
	Get metabot answer sources		X
	Create metabot dashboard subscription		X
	Get metabot field values		X
	Filter metabot records		X
	Find metabot metric		X
	Find metabot outliers		X
	Generate metabot insights		X

E-metabot tools	Get metabot current user		X
	Get metabot dashboard details		X
	Get metabot metric details		X
	Get metabot query details		X
	Get metabot report details		X
	Get metabot table details		X
	Query metabot metric		X
	Query metabot model		X
	Run metabot agent		X
E-metabot v3	Run metabot agent streaming		X
E-metabot v3 metabot	List metabots	X	
	Get metabot	X	
	Get metabot entities	X	
	Update metabot entities		X
	Delete metabot entity		X
	Get metabot prompt suggestions	X	
	Delete metabot prompt suggestions		X
	Regenerate metabot prompt suggestions		X
	Delete metabot prompt suggestion		X
E-SCIM	Get SCIM API key	X	
	Create SCIM API key		X
	List SCIM groups	X	
	Create SCIM group		X
	Get SCIM group	X	
	Update SCIM group		X
	Delete SCIM group		X
	List SCIM users	X	
	Create SCIM user		X
E-SCIM v2	Get SCIM user	X	
	Update SCIM user		X
	Patch SCIM user		X
E-serialization	Export serialization		X
	Import serialization		X
E-stale	Get stale item	X	
E-upload management	List upload management tables	X	
	Delete upload management table		X
EID translation	Translate entity ID		X
Email	Update email settings		X
	Delete email settings		X
	Test email configuration		X
Embed	Get embedded card	X	
	Get embedded card parameter remapping	X	
	Search embedded card parameter values	X	
	Get embedded card parameter values	X	
	Execute embedded card query	X	
	Export embedded card query	X	
	Get embedded dashboard	X	
	Get embedded dashboard card	X	
	Export embedded dashboard card	X	
	Get embedded dashboard parameter remapping	X	
	Search embedded dashboard parameter values	X	
	Get embedded dashboard parameter values	X	
	Execute embedded pivot card query	X	
	Get embedded pivot dashboard card	X	
	Get embedded card map tiles	X	
	Get embedded dashboard map tiles	X	
	Get field	X	
	Update field		X
	Create field dimension		X
	Delete field dimension		X
	Discard field values		X
	Get related fields	X	

Field	Get field remapping	X	
	Rescan field values		X
	Search field values	X	
	Get field summary	X	
	Get field values	X	
	Get field values		X
Geo JSON	List geo JSON files	X	
	Get geo JSON file	X	
Google	Update Google settings		X
LDAP	Update LDAP settings		X
Logger	Adjust logger settings		X
	Delete logger adjustment		X
	Get logger logs	X	
	Get logger presets	X	
Login history	Get current login history	X	
Model index	Create model index		X
	List model indexes	X	
	Get model index	X	
	Delete model index		X
Moderation review	Create moderation review		X
MT gtap	List multi-tenant gtaps	X	
	Create multi-tenant gtap		X
	Validate multi-tenant gtap		X
	Get multi-tenant gtap	X	
	Update multi-tenant gtap		X
	Delete multi-tenant gtap		X
MT user	Get multi-tenant user attributes	X	
	Update multi-tenant user attributes		X
Native query snippet	List native query snippets	X	
	Create native query snippet		X
	Get native query snippet	X	
	Update native query snippet		X
Notification	List notifications	X	
	Create notification		X
	Send notification		X
	Get notification	X	
	Update notification		X
	Send specific notification		X
	Unsubscribe from notification		X
	Unsubscribe from notifications		X
Notification unsubscribe	Undo notification unsubscribe		X
	Notify attached data warehouse		X
Notify	Notify database		X
	Notify new database table		X
	Get permissions graph	X	
Permissions	Update permissions graph		X
	Get database permissions graph	X	
	Get group permissions graph	X	
	List permissions groups	X	
	Create permissions group		X
	Update permissions group		X
	Delete permissions group		X
	Get permissions group	X	
	List permissions memberships	X	
	Create permissions membership		X
	Clear permissions group membership		X
	Update permissions membership		X
	Delete permissions membership		X
	List persistence settings	X	
	Get card persistence	X	
	Persist card		X
	Refresh persisted card		X

	Unpersist card		X
	Persist database		X
	Unpersist database		X
	Disable persistence		X
	Enable persistence		X
	Set persistence refresh schedule		X
Persist	Get persistence info	X	
Premium features	Get premium features token status	X	
	Preview embedded card	X	
	Get preview embedded card parameter remapping	X	
	Preview embedded card query	X	
	Preview embedded dashboard	X	
	Preview embedded dashboard card	X	
	Get preview embedded dashboard parameter remapping	X	
	Get preview embedded dashboard parameter values	X	
	Preview embedded pivot card query	X	
Preview embed	Preview embedded pivot dashboard card	X	
Product feedback	Submit product feedback		X
	Get public action	X	
	Execute public action		X
	Get public card	X	
	Get public card parameter remapping	X	
	Search public card parameter values	X	
	Get public card parameter values	X	
	Execute public card query	X	
	Export public card query	X	
	Get public dashboard	X	
	Get public dashboard card	X	
	Export public dashboard card		X
	Execute public dashboard card	X	
	Execute public dashboard card		X
	Get public dashboard parameter remapping	X	
	Search public dashboard parameter values	X	
	Get public dashboard parameter values	X	
	Get public o embed	X	
	Execute public pivot card query	X	
	Get public pivot dashboard card	X	
	Get public card map tiles	X	
Public	Get public dashboard map tiles	X	
	List pulses	X	
	Create pulse		X
	Get pulse form input	X	
	Preview pulse card	X	
	Get pulse card preview info	X	
	Get pulse card preview PNG	X	
	Preview pulse dashboard	X	
	Test pulse		X
	Get pulse	X	
	Update pulse		X
Pulse	Delete pulse subscription		X
Pulse unsubscribe	Unsubscribe from pulse		X
	Undo pulse unsubscribe		X
Revision	List revisions	X	
	Revert revision		X
	Get entity revisions	X	
Search	Search	X	
	Force search reindex		X
	Reinitialize search		X
	Get search weights	X	
	Update search weights		X
	Create segment		X
	List segments	X	

Segment	Get segment	X	
	Update segment		X
	Delete segment		X
	Get related segments	X	
Session	Create session		X
	Delete session		X
	Reset password request		X
	Authenticate with Google		X
	Check password		X
	Validate password reset token	X	
	Get session properties	X	
Setting	Reset password		X
	List settings	X	
	Update settings		X
	Get setting	X	
Setup	Update setting		X
	Setup metabase		X
Slack	Get setup user defaults	X	
	Submit slack bug report		X
	Get slack manifest	X	
Table	Update slack settings		X
	List tables	X	
	Update tables		X
	Get card foreign keys	X	
	Get card query metadata	X	
	Get table	X	
	Update table		X
	Append CSV to table		X
	Discard table values		X
	Update table field order		X
	Get table foreign keys	X	
	Get table query metadata	X	
	Get related tables	X	
	Replace table with CSV		X
	Rescan table values		X
	Sync table schema		X
	Get table data	X	
Task	List tasks	X	
	Get task info	X	
	Get unique tasks	X	
	Get task	X	
Testing	Test echo		X
	Get test echo	X	
	Mark test data as stale		X
	Refresh test caches		X
	Restore test snapshot		X
	Set test time		X
	Create test snapshot		X
Tiles	Get test stats		X
	Get card map tiles	X	
	Get dashboard card map tiles	X	
Timeline	Get map tiles	X	
	Create timeline		X
	List timelines	X	
	Get root timeline collection	X	
	Get timeline collection	X	
	Get timeline	X	
	Update timeline		X
	Delete timeline		X
	Create timeline event		X
	Get timeline event	X	
	Update timeline event		X

Timeline event	Delete timeline event		X
Upload	Upload CSV		X
	List users	X	
	Create user		X
	Get current user	X	
	Get user recipients	X	
	Get user	X	
	Update user		X
	Delete user		X
	Update user modal		X
	Update user password		X
	Reactivate user		X
User	List user key values by namespace	X	
	Update user key value		X
	Get user key value	X	
	Delete user key value		X
User key value			
Util	Get random token	X
