

Available weclapp APIs

Resource	API endpoint	Export	Import
Accounting transaction	Query accounting transaction	X	
	Creates an accounting transaction of type impersonal		X
	Count accounting transaction	X	
	Query a specific accounting transaction	X	
Archived email	Query archived email	X	
	Count archived email	X	
	Query a specific archived email	X	
	Remove reference		X
Article	Query article	X	
	Create a article		X
	Count article	X	
	Query a specific article	X	
	Update a article		X
	Delete a article		X
	Change unit		X
	Create datasheet PDF		X
	Create label PDF		X
	Download article image	X	
	Download main article image	X	
	Packaging unit structure	X	
	Upload article image		X
Article accounting code	Query article accounting code	X	
	Create a article accounting code		X
	Count article accounting code	X	
	Query a specific article accounting code	X	
	Update a article accounting code		X
	Delete a article accounting code		X
Article category	Query article category	X	
	Create a article category		X
	Count article category	X	
	Query a specific article category	X	
	Update a article category		X
	Delete a article category		X
	Download image	X	
	Upload image		X
Article category classification	Query article category classification	X	
	Create a article category classification		X
	Count article category classification	X	
	Query a specific article category classification	X	
	Update a article category classification		X
	Delete a article category classification		X
Article item group	Query article item group	X	
	Create a article item group		X
	Count article item group	X	
	Query a specific article item group	X	
	Update a article item group		X
	Delete a article item group		X
	Query article price	X	

Available weclapp APIs

Resource	API endpoint	Export	Import
Article price	Count article price	X	
	Query a specific article price	X	
Article rating	Query article rating	X	
	Create a article rating		X
	Count article rating	X	
	Query a specific article rating	X	
	Update a article rating		X
	Delete a article rating		X
Article status	Query article status	X	
	Create a article status		X
	Count article status	X	
	Query a specific article status	X	
	Update a article status		X
	Delete a article status		X
Article supply source	Query article supply source	X	
	Create a article supply source		X
	Count article supply source	X	
	Query a specific article supply source	X	
	Update a article supply source		X
	Delete a article supply source		X
Attendance	Query attendance	X	
	Create a attendance		X
	Count attendance	X	
	Current attendance	X	
	Query a specific attendance	X	
	Update a attendance		X
	Delete a attendance		X
	Log off		X
Log on		X	
Bank account	Query bank account	X	
	Create a bank account		X
	Count bank account	X	
	Query a specific bank account	X	
	Update a bank account		X
	Delete a bank account		X
Bank transaction	Query bank transaction	X	
	Count bank transaction	X	
	Query a specific bank transaction	X	
	Delete a bank transaction		X
Batch number	Query batch number	X	
	Count batch number	X	
	Query a specific batch number	X	
Blanket purchase order	Query blanket purchase order	X	
	Create a blanket purchase order		X
	Count blanket purchase order	X	
	Query a specific blanket purchase order	X	
	Update a blanket purchase order		X

Available weclapp APIs

Resource	API endpoint	Export	Import
	Delete a blanket purchase order		X
	Download latest blanket purchase order PDF	X	
	Generate releases		X
Blanket sales order	Query blanket sales order	X	
	Count blanket sales order	X	
	Query a specific blanket sales order	X	
Calendar	Query calendar	X	
	Create a calendar		X
	Count calendar	X	
	Query a specific calendar	X	
	Update a calendar		X
	Delete a calendar		X
	Delete calendar and move events		X
	Importi cal		X
Calendar event	Query calendar event	X	
	Create a calendar event		X
	Count calendar event	X	
	Query a specific calendar event	X	
	Update a calendar event		X
	Delete a calendar event		X
Campaign	Query campaign	X	
	Create a campaign		X
	Count campaign	X	
	Query a specific campaign	X	
	Update a campaign		X
	Delete a campaign		X
Campaign participant	Query campaign participant	X	
	Create a campaign participant		X
	Count campaign participant	X	
	Query a specific campaign participant	X	
	Update a campaign participant		X
	Delete a campaign participant		X
Cash account	Query cash account	X	
	Create a cash account		X
	Count cash account	X	
	Query a specific cash account	X	
	Update a cash account		X
Cash account sheet	Query cash account sheet	X	
	Create a cash account sheet		X
	Count cash account sheet	X	
	Query a specific cash account sheet	X	
	Update a cash account sheet		X
	Delete a cash account sheet		X
Cash account transaction	Query cash account transaction	X	
	Create a cash account transaction		X
	Count cash account transaction	X	
	Query a specific cash account transaction	X	

Available weclapp APIs

Resource	API endpoint	Export	Import
	Delete a cash account transaction		X
Comment	Query comment	X	
	Create a comment		X
	Count comment	X	
	Query a specific comment	X	
	Update a comment		X
	Delete a comment		X
Commercial language	Query commercial language	X	
	Count commercial language	X	
	Query a specific commercial language	X	
Company size	Query company size	X	
	Create a company size		X
	Count company size	X	
	Query a specific company size	X	
	Update a company size		X
	Delete a company size		X
Contract	Query contract	X	
	Create a contract		X
	Count contract	X	
	Query a specific contract	X	
	Update a contract		X
	Delete a contract		X
	Create contract document		X
	Download latest contract document PDF	X	
Contract authorization unit	Query contract authorization unit	X	
	Count contract authorization unit	X	
	Query a specific contract authorization unit	X	
Contract billing group	Query contract billing group	X	
	Create a contract billing group		X
	Count contract billing group	X	
	Query a specific contract billing group	X	
	Update a contract billing group		X
	Delete a contract billing group		X
Contract termination reason	Query contract termination reason	X	
	Create a contract termination reason		X
	Count contract termination reason	X	
	Query a specific contract termination reason	X	
	Update a contract termination reason		X
	Delete a contract termination reason		X
Contract type	Query contract type	X	
	Create a contract type		X
	Count contract type	X	
	Query a specific contract type	X	
	Update a contract type		X
	Delete a contract type		X
	Query cost center	X	
	Create a cost center		X

Available weclapp APIs

Resource	API endpoint	Export	Import
Cost center	Count cost center	X	
	Query a specific cost center	X	
	Update a cost center		X
	Delete a cost center		X
Cost center group	Query cost center group	X	
	Create a cost center group		X
	Count cost center group	X	
	Query a specific cost center group	X	
	Update a cost center group		X
	Delete a cost center group		X
Cost type	Query cost type	X	
	Create a cost type		X
	Count cost type	X	
	Query a specific cost type	X	
	Update a cost type		X
	Delete a cost type		X
CRM call category	Query CRM call category	X	
	Create a CRM call category		X
	Count CRM call category	X	
	Query a specific CRM call category	X	
	Update a CRM call category		X
	Delete a CRM call category		X
CRM event	Query CRM event	X	
	Create a CRM event		X
	Count CRM event	X	
	Query a specific CRM event	X	
	Update a CRM event		X
	Delete a CRM event		X
CRM event category	Query CRM event category	X	
	Create a CRM event category		X
	Count CRM event category	X	
	Query a specific CRM event category	X	
	Update a CRM event category		X
	Delete a CRM event category		X
Currency	Query currency	X	
	Create a currency		X
	Company currency	X	
	Count currency	X	
	Query a specific currency	X	
	Update a currency		X
	Delete a currency		X
Custom attribute definition	Query custom attribute definition	X	
	Create a custom attribute definition		X
	Count custom attribute definition	X	
	Query a specific custom attribute definition	X	
	Update a custom attribute definition		X
	Delete a custom attribute definition		X

Available weclapp APIs

Resource	API endpoint	Export	Import
	Read order	X	
	Update order		X
Customer category	Query customer category	X	
	Create a customer category		X
	Count customer category	X	
	Query a specific customer category	X	
	Update a customer category		X
	Delete a customer category		X
Customer lead loss reason	Query customer lead loss reason	X	
	Create a customer lead loss reason		X
	Count customer lead loss reason	X	
	Query a specific customer lead loss reason	X	
	Update a customer lead loss reason		X
	Delete a customer lead loss reason		X
Customer topic	Query customer topic	X	
	Create a customer topic		X
	Count customer topic	X	
	Query a specific customer topic	X	
	Update a customer topic		X
	Delete a customer topic		X
Customs tariff number	Query customs tariff number	X	
	Create a customs tariff number		X
	Count customs tariff number	X	
	Query a specific customs tariff number	X	
	Update a customs tariff number		X
	Delete a customs tariff number		X
Document	Query document	X	
	Copy		X
	Count document	X	
	Query a specific document	X	
	Update a document		X
	Delete a document		X
	Copy		X
	Download	X	
	Download document version	X	
	Download document versions zipped	X	
	Upload		X
	Upload		X
External connection	Query external connection	X	
	Count external connection	X	
	Query a specific external connection	X	
	Start article synchronization		X
	Start eBay listing synchronization		X
	Start order synchronization		X
	Query financial year	X	
	Create a financial year		X
	Count financial year	X	

Available weclapp APIs

Resource	API endpoint	Export	Import
Financial year	Query a specific financial year	X	
	Update a financial year		X
	Delete a financial year		X
	Generate periods		X
Fulfillment provider	Query fulfillment provider	X	
	Count fulfillment provider	X	
	Query a specific fulfillment provider	X	
Incoming goods	Query incoming goods	X	
	Create a incoming goods		X
	Count incoming goods	X	
	Query a specific incoming goods	X	
	Update a incoming goods		X
	Delete a incoming goods		X
	Add purchase orders		X
	Create compensation shipment		X
	Create credit note		X
	Create purchase invoice		X
	Create return labels		X
	Create supplier return		X
	Incoming bookings	X	
	Update incoming bookings		X
Internal transport reference	Query internal transport reference	X	
	Create a internal transport reference		X
	Count internal transport reference	X	
	Query a specific internal transport reference	X	
	Update a internal transport reference		X
	Delete a internal transport reference		X
	Create label		X
Download latest label	X		
Inventory	Query inventory	X	
	Create a inventory		X
	Count inventory	X	
	Create		X
	Query a specific inventory	X	
	Update a inventory		X
	Delete a inventory		X
	Book inventory		X
Inventory group	Query inventory group	X	
	Count inventory group	X	
	Query a specific inventory group	X	
Inventory item	Query inventory item	X	
	Create a inventory item		X
	Count inventory item	X	
	Query a specific inventory item	X	
	Update a inventory item		X
	Delete a inventory item		X
	Query inventory transport reference	X	

Available weclapp APIs

Resource	API endpoint	Export	Import
Inventory transport reference	Create a inventory transport reference		X
	Count inventory transport reference	X	
	Query a specific inventory transport reference	X	
	Update a inventory transport reference		X
Job	Abort	X	
	Status	X	
Lead rating	Query lead rating	X	
	Create a lead rating		X
	Count lead rating	X	
	Query a specific lead rating	X	
	Update a lead rating		X
	Delete a lead rating		X
Lead source	Query lead source	X	
	Create a lead source		X
	Count lead source	X	
	Query a specific lead source	X	
	Update a lead source		X
	Delete a lead source		X
Ledger account	Query ledger account	X	
	Create a ledger account		X
	Count ledger account	X	
	Query a specific ledger account	X	
	Update a ledger account		X
	Delete a ledger account		X
Legal form	Query legal form	X	
	Create a legal form		X
	Count legal form	X	
	Query a specific legal form	X	
	Update a legal form		X
	Delete a legal form		X
Loading equipment identifier	Query loading equipment identifier	X	
	Create a loading equipment identifier		X
	Count loading equipment identifier	X	
	Query a specific loading equipment identifier	X	
	Update a loading equipment identifier		X
	Delete a loading equipment identifier		X
Mail template	Query mail template	X	
	Create a mail template		X
	Count mail template	X	
	Query a specific mail template	X	
	Update a mail template		X
	Delete a mail template		X
Manufacturer	Query manufacturer	X	
	Create a manufacturer		X
	Count manufacturer	X	
	Query a specific manufacturer	X	
	Update a manufacturer		X

Available weclapp APIs

Resource	API endpoint	Export	Import
	Delete a manufacturer		X
Meta	Legacy reference properties	X	
	Query filter properties	X	
	Query sort properties	X	
	Resources	X	
Notification	Query notification	X	
	Count notification	X	
	Query a specific notification	X	
	Mark read		X
Number range	Query number range	X	
	Count number range	X	
	Query a specific number range	X	
Number range value	Query number range value	X	
	Count number range value	X	
	Query a specific number range value	X	
Opportunity	Query opportunity	X	
	Create a opportunity		X
	Count opportunity	X	
	Query a specific opportunity	X	
	Update a opportunity		X
	Delete a opportunity		X
	Link quotation		X
Opportunity topic	Query opportunity topic	X	
	Create a opportunity topic		X
	Count opportunity topic	X	
	Query a specific opportunity topic	X	
	Update a opportunity topic		X
	Delete a opportunity topic		X
Opportunity win loss reason	Query opportunity win loss reason	X	
	Create a opportunity win loss reason		X
	Count opportunity win loss reason	X	
	Query a specific opportunity win loss reason	X	
	Update a opportunity win loss reason		X
	Delete a opportunity win loss reason		X
Party	Query party	X	
	Create a party		X
	Count party	X	
	Query a specific party	X	
	Update a party		X
	Delete a party		X
	Create public page		X
	Download image	X	
	Start transfer addresses to open records		X
	Start transfer email addresses to open records		X
	Upload image		X
		Query party rating	X
	Create a party rating		X

Available weclapp APIs

Resource	API endpoint	Export	Import
Party rating	Count party rating	X	
	Query a specific party rating	X	
	Update a party rating		X
	Delete a party rating		X
Payment method	Query payment method	X	
	Create a payment method		X
	Count payment method	X	
	Query a specific payment method	X	
	Update a payment method		X
	Delete a payment method		X
Payment run	Query payment run	X	
	Count payment run	X	
	Query a specific payment run	X	
	Update a payment run		X
	Delete a payment run		X
Payment run item	Query payment run item	X	
	Count payment run item	X	
	Query a specific payment run item	X	
Performance record	Query performance record	X	
	Create a performance record		X
	Count performance record	X	
	Query a specific performance record	X	
	Update a performance record		X
	Delete a performance record		X
	Add to performance record		X
	Create invoice		X
	Download latest performance record PDF	X	
	Download signature	X	
	Recalculate quantities		X
	Remove signature		X
	Upload signature		X
	Start configured mass performance record creation		X
Person department	Query person department	X	
	Create a person department		X
	Count person department	X	
	Query a specific person department	X	
	Update a person department		X
	Delete a person department		X
Person role	Query person role	X	
	Create a person role		X
	Count person role	X	
	Query a specific person role	X	
	Update a person role		X
	Delete a person role		X
Personal accounting code	Query personal accounting code	X	
	Create a personal accounting code		X
	Count personal accounting code	X	

Available weclapp APIs

Resource	API endpoint	Export	Import
Personal accounting code	Query a specific personal accounting code	X	
	Update a personal accounting code		X
	Delete a personal accounting code		X
Pick	Query pick	X	
	Count pick	X	
	Query a specific pick	X	
Pick check reason	Query pick check reason	X	
	Create a pick check reason		X
	Count pick check reason	X	
	Query a specific pick check reason	X	
	Update a pick check reason		X
	Delete a pick check reason		X
Place of service	Query place of service	X	
	Create a place of service		X
	Count place of service	X	
	Query a specific place of service	X	
	Update a place of service		X
	Delete a place of service		X
Price calculation parameter	Query price calculation parameter	X	
	Create a price calculation parameter		X
	Count price calculation parameter	X	
	Query a specific price calculation parameter	X	
	Update a price calculation parameter		X
	Delete a price calculation parameter		X
Production order	Query production order	X	
	Create a production order		X
	Count production order	X	
	Fast production booking		X
	Query a specific production order	X	
	Update a production order		X
	Delete a production order		X
	Create picking list		X
	Create picking order		X
	Download latest production order PDF	X	
Production work schedule	Query production work schedule	X	
	Create a production work schedule		X
	Count production work schedule	X	
	Query a specific production work schedule	X	
	Update a production work schedule		X
	Delete a production work schedule		X
Production work schedule assignment	Query production work schedule assignment	X	
	Create a production work schedule assignment		X
	Count production work schedule assignment	X	
	Query a specific production work schedule assignment	X	
	Update a production work schedule assignment		X
	Delete a production work schedule assignment		X
	Query project order status page	X	

Available weclapp APIs

Resource	API endpoint	Export	Import
Project order status page	Create a project order status page		X
	Count project order status page	X	
	Query a specific project order status page	X	
	Update a project order status page		X
	Delete a project order status page		X
Property translation	Read property translations	X	
	Update property translations		X
Purchase invoice	Query purchase invoice	X	
	Create a purchase invoice		X
	Count purchase invoice	X	
	Query a specific purchase invoice	X	
	Update a purchase invoice		X
	Delete a purchase invoice		X
	Cancel		X
	Convert purchase invoice to credit note		X
	Create contract		X
	Create credit note		X
	Download latest purchase invoice document	X	
	Print label		X
	Reset taxes		X
	Save duplicate invoice as original		X
	Start invoice document processing/multipart upload		X
Purchase open item	Query purchase open item	X	
	Count purchase open item	X	
	Query a specific purchase open item	X	
	Create payment application		X
	Update payment state		X
Purchase order	Query purchase order	X	
	Create a purchase order		X
	Count purchase order	X	
	Query a specific purchase order	X	
	Update a purchase order		X
	Delete a purchase order		X
	Cancel dropshipping shipments		X
	Create cancellation slip PDF		X
	Create contract		X
	Create dropshipping delivery note PDF		X
	Create incoming goods		X
	Create production orders		X
	Create purchase invoice		X
	Create supplier return		X
	Download latest cancellation slip PDF	X	
	Download latest dropshipping delivery note PDF	X	
	Download latest purchase order PDF	X	
	Print label		X
	Process dropshipping		X
Reset taxes		X	

Available weclapp APIs

Resource	API endpoint	Export	Import
Purchase order request	Query purchase order request	X	
	Create a purchase order request		X
	Count purchase order request	X	
	Query a specific purchase order request	X	
	Update a purchase order request		X
	Delete a purchase order request		X
	Create blanket purchase order		X
	Create purchase order		X
	Export items as CSV		X
	Push purchase prices		X
Purchase requisition	Query purchase requisition	X	
	Count purchase requisition	X	
	Delete all requisitions		X
	Query a specific purchase requisition	X	
	Update a purchase requisition		X
	Add to internal shipment		X
	Add to purchase order		X
	Create production order		X
	Start material planning run		X
Quotation	Query quotation	X	
	Create a quotation		X

	Print order data	X	
	Recalculate costs		X
	Reset taxes		X
	Set costs for items without cost		X
	Ship order for external fulfillment		X
Toggle project team		X	
Toggle services finished		X	
Update prices		X	
Sales stage	Query sales stage	X	
	Create a sales stage		X
	Count sales stage	X	
	Query a specific sales stage	X	
	Update a sales stage		X
	Delete a sales stage		X
	Query sales team	X	

Available weclapp APIs

Resource	API endpoint	Export	Import
Sales team	Create a sales team		X
	Count sales team	X	
	Query a specific sales team	X	
	Update a sales team		X
	Delete a sales team		X
Sector	Query sector	X	
	Create a sector		X
	Count sector	X	
	Query a specific sector	X	
	Update a sector		X
	Delete a sector		X
Sepa direct debit mandate	Query sepa direct debit mandate	X	
	Create a sepa direct debit mandate		X
	Count sepa direct debit mandate	X	
	Query a specific sepa direct debit mandate	X	
	Update a sepa direct debit mandate		X
	Delete a sepa direct debit mandate		X
Serial number	Query serial number	X	
	Count serial number	X	
	Query a specific serial number	X	
	Update a serial number		X
Service quota	Query service quota	X	
	Count service quota	X	
	Query a specific service quota	X	
	Update a service quota		X
	Delete a service quota		X
	Close		X
	Create performance record		X
	Open		X
Shelf	Query shelf	X	
	Create a shelf		X
	Count shelf	X	
	Query a specific shelf	X	
	Update a shelf		X
	Delete a shelf		X
	Activate		X
	Deactivate		X
Shipment	Query shipment	X	
	Create a shipment		X
	Count shipment	X	
	Query a specific shipment	X	
	Update a shipment		X
	Delete a shipment		X
	Create picking list		X
	Create picking order		X
	Create return labels		X
	Create sales invoice		X

Available weclapp APIs

Resource	API endpoint	Export	Import
	Create shipping label PDF		X
	Create shipping labels		X
	Download latest delivery note PDF	X
