

## Available SAP S/4HANA On-Premise APIs

Resource	API endpoint	Export	Import
Sales order: Sales order header	Read all sales order headers	X	
Sales order: Sales order header	Create a sales order		X
Sales order: Sales order header	Read the header of a specific sales order	X	
Sales order: Sales order header	Read all items of a specific sales order	X	
Sales order: Sales order header	Read all partners of a specific sales order	X	
Sales order: Sales order header	Read the header pricing element of a specific sales order	X	
Sales order: Sales order header	Read all texts of a specific sales order	X	
Sales order: Sales order header	Read the billing plan of a specific sales order	X	
Sales order: Sales order header	Read the header payment plan of a specific sales order	X	
Sales order: Sales order header	Read preceding process flow documents of a specific sales order	X	
Sales order: Sales order header	Read subsequent process flow documents of a specific sales order	X	
Sales order: Sales order header	Read related objects of a specific sales order	X	
Sales order: Sales order header	Reject a sales order approval request		X
Sales order: Sales order header	Release a sales order approval request		X
Sales quotation: Sales quotation header	Read all sales quotation headers	X	
Sales quotation: Sales quotation header	Create a sales quotation		X
Sales quotation: Sales quotation header	Read the header of a specific sales quotation	X	
Sales quotation: Sales quotation header	Read all items of a specific sales quotation	X	
Sales quotation: Sales quotation header	Read all partners of a specific sales quotation	X	
Sales quotation: Sales quotation header	Read the header pricing element of a specific sales quotation	X	
Sales quotation: Sales quotation header	Read all texts of a specific sales quotation	X	
Sales quotation: Sales quotation header	Read preceding process flow documents of a specific sales quotation	X	
Sales quotation: Sales quotation header	Read subsequent process flow documents of a specific sales quotation	X	
Sales quotation: Sales quotation header	Read related objects of a specific sales quotation	X	
Sales quotation: Sales quotation header	Release a sales quotation approval request		X
Sales quotation: Sales quotation header	Reject a sales quotation approval request		X
Sales order without charge: Sales order without charge header	Read all sales order without charge headers	X	
Sales order without charge: Sales order without charge header	Read the header of a specific sales order without charge	X	
Sales order without charge: Sales order without charge header	Read all items of a specific sales order without charge	X	
Sales order without charge: Sales order without charge header	Read all partners of a specific sales order without charge	X	
Sales order without charge: Sales order without charge header	Read all texts of a specific sales order without charge	X	
Sales order type: Sales order type	Read all sales order types	X	
Sales order type: Sales order type	Read a specific sales order type	X	
Sales order type: Sales order type	Read text descriptions of a specific sales order type	X	
Sales district: Sales district	Read all sales districts	X	
Sales district: Sales district	Read a specific sales district	X	
Sales district: Sales district	Read text descriptions of a specific sales district	X	
SD item category: SD item category	Read all SD item categories	X	
SD item category: SD item category	Read a specific SD item category	X	
SD item category: SD item category	Read text descriptions of a specific SD item category	X	
Incoterms version: Incoterms version	Read all Incoterms versions	X	
Incoterms version: Incoterms version	Read a specific Incoterms version	X	
Incoterms version: Incoterms version	Read text descriptions of a specific Incoterms version	X	
Incoterms classification: Incoterms classification	Read all the Incoterms classifications	X	
Incoterms classification: Incoterms classification	Read a specific Incoterms classification	X	
Incoterms classification: Incoterms classification	Read text descriptions of a specific Incoterms classification	X	
Incoterms classification text: Incoterms classification text	Read all the Incoterms classification texts	X	
Incoterms classification text: Incoterms classification text	Read a specific Incoterms classification text	X	
Sales organization: Sales organization	Read all sales organizations	X	
Sales organization: Sales organization	Read a specific sales organization	X	
Sales organization: Sales organization	Read text descriptions of a specific sales organization	X	
Sales order: Billing plan	Read all billing plans	X	
Sales order: Billing plan	Read a specific billing plan	X	
Sales order: Billing plan item	Read all billing plan items	X	
Sales order: Billing plan item	Read a specific billing plan item	X	
Sales order: Header partner	Read all header partners	X	
Sales order: Header partner	Read a specific header partner	X	
Sales order: Header pricing element	Read all header pricing elements	X	
Sales order: Header pricing element	Read a specific header pricing element	X	
Sales order: Sales order item	Read all sales order items	X	
Sales order: Sales order item	Read a specific sales order item	X	
Sales order: Item billing plan	Read all item billing plans	X	
Sales order: Item billing plan	Read a specific item billing plan	X	
Sales order: Item partner	Read all item partners	X	
Sales order: Item partner	Read a specific item partner	X	
Sales order: Item partner address	Read all item partner addresses	X	
Sales order: Item partner address	Read a specific item partner address	X	
Sales order: Item pricing element	Read all item pricing elements	X	
Sales order: Item pricing element	Read a specific item pricing element	X	

Available SAP S/4HANA On-Premise APIs

Resource	API endpoint	Export	Import
Sales order: Item related object	Read all item related objects	X	
Sales order: Item related object	Read a specific item related object	X	
Sales order: Item text	Read all item texts	X	
Sales order: Item text	Read a specific item text	X	
Sales order: Item preceding process flow	Read all item preceding process flows	X	
Sales order: Item preceding process flow	Read a specific item preceding process flow	X	
Sales order: Item subsequent process flow	Read all item subsequent process flows	X	
Sales order: Item subsequent process flow	Read a specific item subsequent process flow	X	
Sales order: Header partner address	Read all header partner addresses	X	
Sales order: Header partner address	Read a specific header partner address	X	
Sales order: Header preceding process flow	Read all header preceding process flows	X	
Sales order: Header preceding process flow	Read a specific header preceding process flow	X	
Sales order: Header related object	Read all header related objects	X	
Sales order: Header related object	Read a specific header related object	X	
Sales order: Item schedule line	Read all item schedule lines	X	
Sales order: Item schedule line	Read a specific item schedule line	X	
Sales order: Header subsequent process flow	Read all header subsequent process flows	X	
Sales order: Header subsequent process flow	Read a specific header subsequent process flow	X	
Sales order: Header text	Read all header texts	X	
Sales order: Header text	Read a specific header text	X	
Sales order: Item billing plan item	Read all item billing plan items	X	
Sales order: Item billing plan item	Read a specific item billing plan item	X	
Sales order: Header payment plan	Read all header payment plans	X	
Sales order: Header payment plan	Read a specific header payment plan	X	
Sales order without charge: Item	Read all sales order without charge items	X	
Sales order without charge: Item	Read a specific sales order without charge item	X	
Sales order without charge: Item partner	Read all item partners of sales order without charge	X	
Sales order without charge: Item partner	Read a specific item partner of sales order without charge	X	
Sales order without charge: Item text	Read all item texts of sales order without charge	X	
Sales order without charge: Item text	Read a specific item text of sales order without charge	X	
Sales order without charge: Header partner	Read all header partners of sales order without charge	X	
Sales order without charge: Header partner	Read a specific header partner of sales order without charge	X	
Sales order without charge: Schedule line	Read all schedule lines of sales order without charge	X	
Sales order without charge: Schedule line	Read a specific schedule line of sales order without charge	X	
Sales order without charge: Header text	Read all header texts of sales order without charge	X	
Sales order without charge: Header text	Read a specific header text of sales order without charge	X	
Sales quotation: Item	Read all sales quotation items	X	
Sales quotation: Item	Read a specific sales quotation item	X	
Sales quotation: Item partner	Read all sales quotation item partners	X	
Sales quotation: Item partner	Read a specific sales quotation item partner	X	
Sales quotation: Item pricing element	Read all sales quotation item pricing elements	X	
Sales quotation: Item pricing element	Read a specific sales quotation item pricing element	X	
Sales quotation: Item text	Read all sales quotation item texts	X	
Sales quotation: Item text	Read a specific sales quotation item text	X	
Sales quotation: Header partner	Read all sales quotation header partners	X	
Sales quotation: Header partner	Read a specific sales quotation header partner	X	
Sales quotation: Header pricing element	Read all sales quotation header pricing elements	X	
Sales quotation: Header pricing element	Read a specific sales quotation header pricing element	X	
Sales quotation: Header related object	Read all sales quotation header related objects	X	
Sales quotation: Header related object	Read a specific sales quotation header related object	X	
Sales quotation: Header text	Read all sales quotation header texts	X	
Sales quotation: Header text	Read a specific sales quotation header text	X	
Sales quotation: Item related object	Read all sales quotation item related objects	X	
Sales quotation: Item related object	Read a specific sales quotation item related object	X	
Sales quotation: Item preceding process flow	Read all sales quotation item preceding process flows	X	
Sales quotation: Item preceding process flow	Read a specific sales quotation item preceding process flow	X	
Sales quotation: Item subsequent process flow	Read all sales quotation item subsequent process flows	X	
Sales quotation: Item subsequent process flow	Read a specific sales quotation item subsequent process flow	X	
Sales quotation: Header preceding process flow	Read all sales quotation header preceding process flows	X	
Sales quotation: Header preceding process flow	Read a specific sales quotation header preceding process flow	X	
Sales quotation: Header subsequent process flow	Read all sales quotation header subsequent process flows	X	
Sales quotation: Header subsequent process flow	Read a specific sales quotation header subsequent process flow	X	
Sales district: Text	Read all sales district texts	X	
Sales district: Text	Read a specific sales district text	X	
Sales order type: Text	Read all sales order type texts	X	
Sales order type: Text	Read a specific sales order type text	X	
Sales organization: Text	Read all sales organization texts	X	
Sales organization: Text	Read a specific sales organization text	X	
Incoterms version: Text	Read all the Incoterms version texts	X	

Available SAP S/4HANA On-Premise APIs

Resource	API endpoint	Export	Import
Incoterms version: Text	Read a specific Incoterms version text	X	
SD item category: Text	Read all SD item category texts	X	
SD item category: Text	Read a specific SD item category text	X	
Sales order simulation	Simulate a sales order		X
Sales order simulation: Value added service	Create a sales order simulation value added service		X
Billing document: Billing document header	Read all billing document headers	X	
Billing document: Billing document header	Read the header of a specific billing document	X	
Billing document: Billing document header	Cancel a specific billing document		X
Billing document: Billing document header	Retrieve a specific billing document in PDF format	X	
Billing document: Billing document item	Read all billing document items	X	
Billing document: Billing document item	Read a specific billing document item	X	
Billing document: Billing document item partner	Read all billing document item partners	X	
Billing document: Billing document item partner	Read a specific billing document item partner	X	
Billing document: Billing document item pricing element	Read all billing document item pricing elements	X	
Billing document: Billing document item pricing element	Read a specific billing document item pricing element	X	
Billing document: Billing document item text	Read all billing document item texts	X	
Billing document: Billing document item text	Read a specific billing document item text	X	
Billing document: Billing document partner	Read all billing document partners	X	
Billing document: Billing document partner	Read a specific billing document partner	X	
Billing document: Billing document pricing element	Read all billing document pricing elements	X	
Billing document: Billing document pricing element	Read a specific billing document pricing element	X	
Billing document: Billing document text	Read all billing document texts	X	
Billing document: Billing document text	Read a specific billing document text	X	
Product: Product header	Read all product master records	X	
Product: Product header	Read a specific product master record	X	
Product: Product header	Update a specific product master record		X
Product: Basic text	Read all product basic texts	X	
Product: Basic text	Read a specific product basic text	X	
Product: Description	Read all product descriptions	X	
Product: Description	Read a specific product description	X	
Product: Inspection text	Read all product inspection texts	X	
Product: Inspection text	Read a specific product inspection text	X	
Product: Material ledger account	Read all product material ledger accounts	X	
Product: Material ledger account	Read a specific product material ledger account	X	
Product: Material ledger prices	Read all product material ledger prices	X	
Product: Material ledger prices	Read a specific product material ledger price	X	
Product: Plant data	Read all product plant data	X	
Product: Plant data	Read a specific product plant data	X	
Product: Plant costing data	Read all product plant costing data	X	
Product: Plant costing data	Read a specific product plant costing data	X	
Product: Plant forecasting data	Read all product plant forecasting data	X	
Product: Plant forecasting data	Read a specific product plant forecasting data	X	
Product: Plant international trade data	Read all product plant international trade data	X	
Product: Plant international trade data	Read a specific product plant international trade data	X	
Product: Plant MRP area data	Read all product plant MRP area data	X	
Product: Plant MRP area data	Read a specific product plant MRP area data	X	
Product: Plant procurement data	Read all product plant procurement data	X	
Product: Plant procurement data	Read a specific product plant procurement data	X	
Product: Plant quality management data	Read all product plant quality management data	X	
Product: Plant quality management data	Read a specific product plant quality management data	X	
Product: Plant sales data	Read all product plant sales data	X	
Product: Plant sales data	Read a specific product plant sales data	X	
Product: Plant storage data	Read all product plant storage data	X	
Product: Plant storage data	Read a specific product plant storage data	X	
Product: Plant text	Read all product plant texts	X	
Product: Plant text	Read a specific product plant text	X	
Product: Basic procurement data	Read all product basic procurement data	X	
Product: Basic procurement data	Read a specific product basic procurement data	X	
Product: Purchase text	Read all product purchase texts	X	
Product: Purchase text	Read a specific product purchase text	X	
Product: Basic quality management data	Read all product basic quality management data	X	
Product: Basic quality management data	Read a specific product basic quality management data	X	
Product: Basic sales data	Read all product basic sales data	X	
Product: Basic sales data	Read a specific product basic sales data	X	
Product: Sales organization data	Read all product sales organization data	X	
Product: Sales organization data	Read a specific product sales organization data	X	
Product: Sales tax data	Read all product sales tax data	X	
Product: Sales tax data	Read a specific product sales tax data	X	
Product: Sales text	Read all product sales texts	X	

Available SAP S/4HANA On-Premise APIs

Resource	API endpoint	Export	Import
Product: Sales text	Read a specific product sales text	X	
Product: Basic storage data	Read all product basic storage data	X	
Product: Basic storage data	Read a specific product basic storage data	X	
Product: Storage location data	Read all product storage location data	X	
Product: Storage location data	Read a specific product storage location data	X	
Product: Supply planning data	Read all product supply planning data	X	
Product: Supply planning data	Read a specific product supply planning data	X	
Product: Units of measure	Read all product units of measure	X	
Product: Units of measure	Read a specific product units of measure	X	
Product: Units of measure GTIN/EAN	Read all product units of measure GTIN/EAN	X	
Product: Units of measure GTIN/EAN	Read a specific product units of measure GTIN/EAN	X	
Product: Valuation area data	Read all product valuation area data	X	
Product: Valuation area data	Read a specific product valuation area data	X	
Product: Valuation account data	Read all product valuation account data	X	
Product: Valuation account data	Read a specific product valuation account data	X	
Product: Valuation costing data	Read all product valuation costing data	X	
Product: Valuation costing data	Read a specific product valuation costing data	X	
Product: Work scheduling data	Read all product work scheduling data	X	
Product: Work scheduling data	Read a specific product work scheduling data	X	
Address email address	Read all address email addresses	X	
Address email address	Read a specific address email address	X	
Address fax number	Read all address fax numbers	X	
Address fax number	Read a specific address fax number	X	
Address home page URL	Read all address home page URLs	X	
Address home page URL	Read a specific address home page URL	X	
Address phone number	Read all address phone numbers	X	
Address phone number	Read a specific address phone number	X	
BP address-dependent ILN record	Read all BP address-dependent ILN records	X	
BP address-dependent ILN record	Read a specific BP address-dependent ILN record	X	
Contact person address	Read all contact person addresses	X	
Contact person address	Read a specific contact person address	X	
Contact function and department record	Read all contact function and department records	X	
Contact function and department record	Read a specific contact function and department record	X	
BP creditworthiness record	Read all BP creditworthiness records	X	
BP creditworthiness record	Read a specific BP creditworthiness record	X	
BP data controller	Read all BP data controllers	X	
BP data controller	Read a specific BP data controller	X	
BP financial services details record	Read all BP financial services details	X	
BP financial services details record	Read a specific BP financial services details record	X	
BP financial services reporting record	Read all BP financial services reporting records	X	
BP financial services reporting record	Read a specific BP financial services reporting record	X	
BP fiscal year information record	Read all BP fiscal year information records	X	
BP fiscal year information record	Read a specific BP fiscal year information record	X	
BP international address version	Read all BP international address versions	X	
BP international address version	Read a specific BP international address version	X	
BP relationship	Read all BP relationships	X	
BP relationship	Read a specific BP relationship	X	
BP address usage record	Read all BP address usage records	X	
BP address usage record	Read a specific BP address usage record	X	
BP identification record	Read all BP identification records	X	
BP identification record	Read a specific BP identification record	X	
BP industry record	Read all BP industry records	X	
BP industry record	Read a specific BP industry record	X	
Business partner	Read all business partners	X	
Business partner	Read a specific business partner	X	
Business partner address	Read all business partner addresses	X	
Business partner address	Read a specific business partner address	X	
Business partner bank record	Read all business partner bank records	X	
Business partner bank record	Read a specific business partner bank record	X	
Business partner contact	Read all business partner contacts	X	
Business partner contact	Read a specific business partner contact	X	
Business partner payment card	Read all business partner payment cards	X	
Business partner payment card	Read a specific business partner payment card	X	
Business partner rating	Read all business partner ratings	X	
Business partner rating	Read a specific business partner rating	X	
Business partner role	Read all business partner roles	X	
Business partner role	Read a specific business partner role	X	
Business partner tax number	Read all business partner tax numbers	X	
Business partner tax number	Read a specific business partner tax number	X	

Available SAP S/4HANA On-Premise APIs

Resource	API endpoint	Export	Import
BP address-dependent tax number	Read all BP address-dependent tax numbers	X	
BP address-dependent tax number	Read a specific BP address-dependent tax number	X	
Customer address-dependent external identifier	Read all customer address-dependent external identifiers	X	
Customer address-dependent external identifier	Read a specific customer address-dependent external identifier	X	
Customer address-dependent information record	Read all customer address-dependent information records	X	
Customer address-dependent information record	Read a specific customer address-dependent information record	X	
Customer	Read all customers	X	
Customer	Read a specific customer	X	
Customer company record	Read all customer company records	X	
Customer company record	Read a specific customer company record	X	
Customer company text	Read all customer company texts	X	
Customer company text	Read a specific customer company text	X	
Customer dunning record	Read all customer dunning records	X	
Customer dunning record	Read a specific customer dunning record	X	
Customer sales area record	Read all customer sales area records	X	
Customer sales area record	Read a specific customer sales area record	X	
Customer sales area tax record	Read all customer sales area tax records	X	
Customer sales area tax record	Read a specific customer sales area tax record	X	
Customer sales area text	Read all customer sales area texts	X	
Customer sales area text	Read a specific customer sales area text	X	
Customer tax grouping record	Read all customer tax grouping records	X	
Customer tax grouping record	Read a specific customer tax grouping record	X	
Customer text	Read all customer texts	X	
Customer text	Read a specific customer text	X	
Customer unloading point	Read all customer unloading points	X	
Customer unloading point	Read a specific customer unloading point	X	
Customer withholding tax record	Read all customer withholding tax records	X	
Customer withholding tax record	Read a specific customer withholding tax record	X	
Customer sales partner function record	Read all customer sales partner function records	X	
Customer sales partner function record	Read a specific customer sales partner function record	X	
Customer sales area address-dependent info record	Read all customer sales area address-dependent info records	X	
Customer sales area address-dependent info record	Read a specific customer sales area address-dependent info record	X	
Customer sales area address-dependent tax info record	Read all customer sales area address-dependent tax info records	X	
Customer sales area address-dependent tax info record	Read a specific customer sales area address-dependent tax info record	X	
Customer unloading point address-dependent info record	Read all customer unloading point address-dependent info records	X	
Customer unloading point address-dependent info record	Read a specific customer unloading point address-dependent info record	X	
Supplier	Read all suppliers	X	
Supplier	Read a specific supplier	X	
Supplier company record	Read all supplier company records	X	
Supplier company record	Read a specific supplier company record	X	
Supplier company text	Read all supplier company texts	X	
Supplier company text	Read a specific supplier company text	X	
Supplier dunning record	Read all supplier dunning records	X	
Supplier dunning record	Read a specific supplier dunning record	X	
Supplier partner function record	Read all supplier partner function records	X	
Supplier partner function record	Read a specific supplier partner function record	X	
Supplier purchasing organization record	Read all supplier purchasing organization records	X	
Supplier purchasing organization record	Read a specific supplier purchasing organization record	X	
Supplier purchasing organization text	Read all supplier purchasing organization texts	X	
Supplier purchasing organization text	Read a specific supplier purchasing organization text	X	
Supplier text	Read all supplier texts	X	
Supplier text	Read a specific supplier text	X	
Supplier withholding tax record	Read all supplier withholding tax records	X	
Supplier withholding tax record	Read a specific supplier withholding tax record	X	
Plant	Read all plant records	X	
Plant	Read a specific plant record	X	
Outbound delivery item	Read all outbound delivery item records	X	
Outbound delivery item	Read a specific outbound delivery item record	X	
Outbound delivery header	Read all outbound delivery header records	X	
Outbound delivery header	Read a specific outbound delivery header record	X	
Outbound delivery header	Post goods issue for an outbound delivery		X
Outbound delivery header	Reverse goods issue for an outbound delivery		X
Outbound delivery header	Confirm picking for all items of an outbound delivery		X
Outbound delivery header	Confirm picking for one item of an outbound delivery		X
Outbound delivery header	Pick all items of an outbound delivery		X
Outbound delivery header	Pick one item of an outbound delivery		X
Outbound delivery document flow	Read all outbound delivery document flow records	X	
Outbound delivery document flow	Read a specific outbound delivery document flow record	X	
Maintenance item object	Read all maintenance item object records	X	

## Available SAP S/4HANA On-Premise APIs

Resource	API endpoint	Export	Import
Maintenance item object	Read a specific maintenance item object record	X	
Serial number delivery	Read all serial number delivery records	X	
Serial number delivery	Read a specific serial number delivery record	X	
Outbound delivery partner	Read all outbound delivery partner records	X	
Outbound delivery partner	Read a specific outbound delivery partner record	X	
Outbound delivery address	Read all outbound delivery address records	X	
	Read a specific outbound delivery address record	X
