	Delete bill		X
	Delete bill (legacy)		X
	Get bill	X	
	Get bill by ID	X	
	Get bill line	X	
	Get bill line by ID	X	
	Query and list bill lines (legacy)	X	
	Query and list bills (legacy)	X	
	Recall bill		X
	Reverse bill (legacy)		X
	Update bill		X
	Update bill (legacy)		X
	Create joint payee		X
	Delete joint payee		X
	Get joint payee	X	

Available Sage Intacct XML APIs

Resource	API endpoint	Export	Import
Accounts payable: Joint payee	Get joint payee by ID	X	
	Query and list joint payees (legacy)	X	
	Update joint payee		X
Accounts payable: Payment provider bank accounts	Create payment provider bank account		X
	Get payment provider bank account	X	
	Get payment provider bank account by ID	X	
	Query and list payment provider bank accounts (legacy)	X	
	Update payment provider bank account		X
Accounts payable: Payment provider payment methods	Get payment provider payment method	X	
	Get payment provider payment method by ID	X	
	Query and list payment provider payment methods (legacy)	X	
Accounts payable: Payment provider vendor	Create payment provider vendor		X
	Get payment provider vendor	X	
	Get payment provider vendor by ID	X	
	Query and list payment provider vendors (legacy)	X	
	Update payment provider vendor		X
Accounts payable: Recurring bills	Create recurring bill (legacy)		X
	Delete recurring bill (legacy)		X
	Get recurring bill	X	
	Get recurring bill by ID	X	
	Get recurring bill line	X	
	Get recurring bill line by ID	X	
	Query and list recurring bill lines (legacy)	X	
	Query and list recurring bills (legacy)	X	
Accounts payable: Vendor groups	Get vendor group	X	
	Get vendor group by ID	X	
	Query and list vendor groups (legacy)	X	
Accounts payable: Vendor types	Get vendor type	X	
	Get vendor type by ID	X	
	Query and list vendor types (legacy)	X	
Accounts payable: Vendors	Approve vendors		X
	Create location specific vendor account number (legacy)		X
	Create vendor		X
	Create vendor (legacy)		X
	Decline vendors		X
	Delete vendor		X
	Delete vendor (legacy)		X
	Get vendor	X	
	Get vendor approval history	X	
	Get vendor by ID	X	
	Get vendor email template	X	
	Get vendor email template by ID	X	
	Get vendor visibility	X	
	Get vendor visibility by ID	X	
	Get vendors to approve	X	
	Query and list vendor email templates (legacy)	X	
	Query and list vendors (legacy)	X	
	Update vendor		X
	Update vendor (legacy)		X
Accounts receivable: AR account labels	Create AR account label		X
	Create AR account label (legacy)		X
	Delete AR account label		X
	Delete AR account label (legacy)		X
	Get AR account label	X	
	Get AR account label by ID	X	
	Query and list AR account labels (legacy)	X	
	Update AR account label		X
Accounts receivable: AR adjustments	Update AR account label (legacy)		X
	Create AR adjustment (legacy)		X
	Delete AR adjustment		X
	Delete AR adjustment (legacy)		X
	Get AR adjustment	X	
	Get AR adjustment by ID	X	
	Get AR adjustment line	X	
	Get AR adjustment line by ID	X	
	Query and list AR adjustment lines (legacy)	X	
	Query and list AR adjustments (legacy)	X	
	Update AR adjustment (legacy)		X
	Create AR advance		X
	Get AR advance	X	
	Get AR advance by ID	X	
	Query and list AR advances (legacy)	X	

Available Sage Intacct XML APIs

Resource	API endpoint	Export	Import
Accounts receivable: AR advances	Update AR advance		X
Accounts receivable: AR aging	List accounts receivable aging: Get an aging report for several aging periods (legacy)	X	
	List accounts receivable aging: Specify a date from which to report aging based on invoice due dates (legacy)	X	
	Apply AR payment (legacy)		X
	Create AR payment		X
	Create AR payment (legacy)		X
	Delete AR payment		X
	Get AR payment	X	
	Get AR payment by ID	X	
	Query and list AR payments (legacy)	X	
	Reverse AR payment (legacy)		X
Accounts receivable: AR payments	Update AR payment		X
	Create AR adjustment summary (legacy)		X
	Create AR payment summary (legacy)		X
	Create invoice summary (legacy)		X
	Get invoice summary	X	
	Get invoice summary by ID	X	
	List AR adjustment summaries (legacy)	X	
	List invoice summaries (legacy)	X	
	Query and list invoice summaries (legacy)	X	
Accounts receivable: AR summaries	Create AR term (legacy)		X
	Delete AR term (legacy)		X
	Get AR term	X	
	Get AR term by ID	X	
	Query and list AR terms (legacy)	X	
Accounts receivable: AR terms	Update AR term (legacy)		X
Accounts receivable: Customer bank accounts	Create customer bank account (legacy)		X
	Delete customer bank account (legacy)		X
	Update customer bank account (legacy)		X
Accounts receivable: Customer charge cards	Create customer charge card (legacy)		X
	Delete customer charge card (legacy)		X
	List customer charge cards (legacy)	X	
	Update customer charge card (legacy)		X
Accounts receivable: Customer groups	Get customer group	X	
	Get customer group by ID	X	
	Query and list customer groups (legacy)	X	
Accounts receivable: Customer types	Get customer type	X	
	Get customer type by ID	X	
	Query and list customer types (legacy)	X	
Accounts receivable: Customers	Create customer		X
	Create customer (legacy)		X
	Delete customer		X
	Delete customer (legacy)		X
	Get customer	X	
	Get customer by ID	X	
	Get customer email template	X	
	Get customer email template by ID	X	
	Get customer visibility	X	
	Get customer visibility by ID	X	
	Query and list customer email templates (legacy)	X	
	Query and list customers (legacy)	X	
	Update customer		X
	Update customer (legacy)		X
	Create dunning definition		X
Accounts receivable: Dunning level definitions	Delete dunning definition		X
	Get dunning definition	X	
	Get dunning definition by ID	X	
	Update dunning definition		X
Accounts receivable: Invoices	Create invoice (legacy)		X
	Delete invoice		X
	Delete invoice (legacy)		X
	Get invoice	X	
	Get invoice as PDF data	X	
	Get invoice by ID	X	
	Query and list invoices (legacy)	X	
	Reverse invoice (legacy)		X
	Update invoice (legacy)		X
	Create recurring invoice (legacy)		X
	Delete recurring invoice (legacy)		X
	Get recurring invoice	X	
	Get recurring invoice by ID	X	

Available Sage Intacct XML APIs

Resource	API endpoint	Export	Import
Accounts receivable: Recurring invoices	Get recurring invoice line	X	
	Get recurring invoice line by ID	X	
	Query and list recurring invoice lines (legacy)	X	
	Query and list recurring invoices (legacy)	X	
Accounts receivable: Territories	Create territory (legacy)		X
	Delete territory (legacy)		X
	Get territory by ID (legacy)	X	
	List territories (legacy)	X	
	Update territory (legacy)		X
Cash management: ACH bank configurations	Create ACH bank configuration (legacy)		X
	Delete ACH bank configuration (legacy)		X
	Get ACH bank configuration	X	
	Get ACH bank configuration by ID	X	
	Query and list ACH bank configurations (legacy)	X	
	Update ACH bank configuration (legacy)		X
Cash management: Bank feeds	Create bank feed		X
	Delete bank feed		X
	Get bank feed	X	
	Get bank feed by ID	X	
	Query and list bank feeds (legacy)	X	
Cash management: Bank interest income / charges	Get bank interest income line/charge line	X	
	Get bank interest income line/charge line by ID	X	
	Get bank interest income/charge	X	
	Get bank interest income/charge by ID	X	
	Query and list bank interest income lines/charge lines (legacy)	X	
	Query and list bank interest income/charges (legacy)	X	
Cash management: Charge card accounts	Get charge card account	X	
	Get charge card account by ID	X	
	Query and list charge card accounts (legacy)	X	
Cash management: Charge card transactions	Create charge card transaction (legacy)		X
	Get charge card transaction	X	
	Get charge card transaction by ID	X	
	Get charge card transaction line	X	
	Get charge card transaction line by ID	X	
	Query and list charge card transaction lines (legacy)	X	
	Query and list charge card transactions (legacy)	X	
	Reverse charge card transaction (legacy)		X
	Update charge card transaction (legacy)		X
Cash management: Charge payoffs	Get charge payoff	X	
	Get charge payoff by ID	X	
	Get charge payoff line	X	
	Get charge payoff line by ID	X	
	Query and list charge payoff lines (legacy)	X	
	Query and list charge payoffs (legacy)	X	
Cash management: Checking accounts	Create checking account reconciliation		X
	Delete checking account reconciliation		X
	Get checking account	X	
	Get checking account by ID	X	
	Get checking account reconciliation	X	
	Get checking account reconciliation by ID	X	
	Query and list checking account reconciliations (legacy)	X	
	Query and list checking accounts (legacy)	X	
	Reconcile checking account (legacy)		X
Cash management: Credit card charges/other fees	Get credit card charge line/other fee line	X	
	Get credit card charge line/other fee line by ID	X	
	Get credit card charge or other fee	X	
	Get credit card charge or other fee by ID	X	
	Query and list credit card charge or other fee lines (legacy)	X	
	Query and list credit card charges or other fees (legacy)	X	
Cash management: Deposits	Create deposit (legacy)		X
	Get deposit	X	
	Get deposit by ID	X	
	Get deposit line	X	
	Get deposit line by ID	X	
	Query and list deposit lines (legacy)	X	
	Query and list deposits (legacy)	X	
Cash management: Fund transfers	Get fund transfer	X	
	Get fund transfer by ID	X	
	Get fund transfer line	X	
	Get fund transfer line by ID	X	
	Query and list fund transfer lines (legacy)	X	
	Query and list fund transfers (legacy)	X	

Available Sage Intacct XML APIs

Resource	API endpoint	Export	Import
Cash management: Other receipts	Create other receipt (legacy)		X
	Delete other receipt (legacy)		X
	Get other receipt	X	
	Get other receipt (legacy)	X	
	Get other receipt line	X	
	Get other receipt line by ID	X	
	List other receipts (legacy)	X	
	Query and list other receipt lines (legacy)	X	
	Query and list other receipts (legacy)	X	
Cash management: Savings accounts	Update other receipt (legacy)		X
	Create savings account (legacy)		X
	Delete savings account (legacy)		X
	Get savings account	X	
	Get savings account by ID	X	
	Query and list savings accounts (legacy)	X	
	Reconcile savings account		X
Company and console: Advanced audit trails	Update savings account (legacy)		X
	Query and list advanced audit trails (legacy)	X	
Company and console: Attachments	Create attachment (legacy)		X
	Create attachment folder (legacy)		X
	Delete attachment (legacy)		X
	Delete attachment folder (legacy)		X
	Get attachment by ID (legacy)	X	
	Get attachment folder by name (legacy)	X	
	List attachment folders (legacy)	X	
	List attachments (legacy)	X	
	Update attachment (legacy)		X
	Update attachment folder (legacy)		X
Company and console: Audit trails	Get custom object record audit trail logs	X	
	Get custom object record audit trail logs by ID	X	
	List standard object record audit trail logs	X	
	Query and list audit history (legacy)	X	
	Query and list custom object record audit trail logs (legacy)	X	
Company and console: Class groups	Get class group	X	
	Get class group by ID	X	
Company and console: Classes	Create class		X
	Delete class		X
	Get class	X	
	Get class by ID	X	
	Update class		X
Company and console: Contacts	Create contact		X
	Create contact (legacy)		X
	Delete contact		X
	Delete contact (legacy)		X
	Get contact	X	
	Get contact by ID	X	
	Update contact		X
Company and console: Department groups	Update contact (legacy)		X
	Get department group	X	
Company and console: Departments	Get department group by ID	X	
	Create department		X
	Delete department		X
	Get department	X	
	Get department by ID	X	
	Update department		X
Company and console: Entities	Get entity	X	
	Get entity by ID	X	
	List entity details	X	
Company and console: Exchange rates	Create exchange rate		X
	Get exchange rate	X	
	Get exchange rate by ID	X	
	Get exchange rate entry	X	
	Get exchange rate entry by ID	X	
	Get exchange rate type	X	
	Get exchange rate type by ID	X	
Company and console: Financial setup	Get financial setup	X	
Company and console: Global transaction security setup	Create global transaction security setup		X
	Get global transaction security setup	X	
	Update global transaction security setup		X
	Delete inter-entity account default		X
	Delete inter-entity account override		X
	Get inter-entity configuration	X	

Available Sage Intacct XML APIs

Resource	API endpoint	Export	Import
Company and console: Inter-entity transaction configuration	Update inter-entity configuration		X
	Get location group	X	
Company and console: Location groups	Get location group by ID	X	
	Create location		X
Company and console: Locations	Delete location		X
	Get location	X	
	Get location by ID	X	
	Update location		X
	Cancel a job		X
	Get offline job	X	
Company and console: Queue administration	Get offline job by ID	X	
	Prioritize a job		X
Company and console: Roles	Get role	X	
	Get role assignment	X	
	Get role assignment by ID	X	
	Get role by ID	X	
	Get role permission for platform applications	X	
	Get role permission for platform applications by ID	X	
	Get role permission for Sage Intacct subscriptions	X	
	Get role permission for Sage Intacct subscriptions by ID	X	
Company and console: Subscriptions	List subscription preferences	X	
	List subscriptions	X	
Company and console: User groups	Get user group	X	
	Get user group by ID	X	
	Get user group member	X	
	Get user group member by ID	X	
	Get user group role assignment	X	
	Get user group role assignment by ID	X	
	Create user		X
Company and console: Users	Create user role assignment		X
	Delete user		X
	Get computed user role assignment	X	
	Get computed user role assignment by ID	X	
	Get user	X	
	Get user by ID	X	
	Get user effective permissions	X	
	Get user permission	X	
	Get user permission by ID	X	
	Get user restriction	X	
	Get user restriction by ID	X	
	Get user role assignment	X	
	Get user role assignment by ID	X	
	List user date and time formatting preferences	X	
	Update user		X
Consolidation: Consolidation books	Create global consolidation book		X
	Delete global consolidation book		X
	Get global consolidation book	X	
	Get global consolidation book by ID	X	
	Query and list global consolidation books (legacy)	X	
	Update global consolidation book		X
Consolidation: Consolidation elimination accounts	Create global consolidation elimination account		X
	Delete global consolidation elimination account		X
	Get global consolidation elimination account	X	
	Get global consolidation elimination account by ID	X	
	Query and list global consolidation elimination accounts (legacy)	X	
Consolidation: Consolidation entities	Create global consolidation entity		X
	Delete global consolidation entity		X
	Get global consolidation entity	X	
	Get global consolidation entity by ID	X	
	Query and list global consolidation entities (legacy)	X	
Consolidation: Consolidation journals	Create global consolidation journal		X
	Delete global consolidation journal		X
	Get global consolidation journal	X	
	Get global consolidation journal by ID	X	
	Query and list global consolidation journals (legacy)	X	
	Update global consolidation journal		X
Consolidation: Consolidation override accounts	Create global consolidation override account		X
	Delete global consolidation override account		X
	Get global consolidation override account	X	
	Get global consolidation override account by ID	X	
	Query and list global consolidation override accounts (legacy)	X	
	Update global consolidation override account		X

Resource	API endpoint	Export	Import
	Create ownership structure		X
